Remind Cyclists Rules Of Road Bind Them Too

New Lenox parents whose offspring ride bicycles have been urged to remind them that they are required to obey the same traffic regulations as imposed on motorists.

School officials who delivered the message at the request of police at a meeting of the New Lenox PTA last week stressed they have received several complaints regarding careless riding habits by pupils to and from school.

Chief of Police George Kennedy added that pupils from St. Jude's school as well as those from the public school are among the offenders.

Cyclists are required to ride with traffic, not against it as do pedestrians. They also are required to obey stop signs and make use of lights after dark. Cyclists, like motorists, are not supposed to go weaving back and forth across streets but one of the common complaints about youngsters on bicycles is that they fill up a road, zig-zagging back and forth to the consternation of car drivers.

It was pointed out that riding a bike against traffic is particularly dangerous where the

roads have hills or swells that hide approaching vehicles.

A safety program was held at New Lenox two years ago for bike riders. After that session bike owners were provided with licenses.

Supt. John Oster, head of the New Lenox schools pointed out that parents can do much to remedy the situation.

"We teach safety at school," he said, "and parents can help by teaching it at home and insist that the children follow the rules. All adults can help by example thru following these rules."

Careless riding by young cyclists and disobedience of traffic laws is expected to result in their being grounded thru loss of license, plus parental edict, it was declared.

Charge Plumber Bypasses Sewer Inspection

A warrant was served on the foreman of a plumbing firm at Frankfort Tuesday (Oct. 18) charging him with making a sewer connection without an inspection license or bond.

The foreman, Neil Napolian, of Palos Heights, employed by Hillside Plumbing Co. of Lincoln Estates, was arrested by Chief of Police Francis Simon and taken before Police Magistrate Herbert Folkers.

On request of the village the case was continued to Nov. 5. Frankfort has an ordinance prohibiting the covering of a sewer connection until it has been inspected. It also requires that the contractor who makes the connection with the stub leading into the main be licensed by the village and that he have a bond.

Fire Burns Small Barn

Fire that broke out at noon Tuesday (Oct. 18) destroyed a small barn at the home of Grayson Lail, 191st, and Wolf rd., Mokena. Cause was not immediately determined.

The building which was used for a garage and storage, was destroyed by Mokena volunteer firemen kept the fire from spreading to other buildings.

The property was once part of the Emmanuel Marti farm which was purchased by Nicholas Grybash, who in turn subdivided it. The Grybashes live near the Lails and it was outbuildings on their place that was threatened by the blaze.

Firemen were at the scene for a couple of hours, wetting down and turning over embers to make certain the fire was out.

Organ Recital

In celebration of the acquisition of the church organ one year ago, the Mokena Methodist church is planning an organ recital, Sunday, Oct. 30 at 3:30 p.m. The guest organist will be Miss Prudence Rowe, organist of the New Lenox Methodist church. Her selections will include compositions by Bach, Caesar Franck, Beethoven, Improvisations on Spirituals and favorite hymns.

The vocal soloists will be Miss Bonnie Rydell of Mokena and Mr. and Mrs. Rodney Hupach, of Joliet.

An invitation is extended to all members of the community and area to attend.

Zoning, Village Boards Approve Postoffice Site

The Frankfort village board at its meeting Monday night cleared away any legal obstacles that stood in the way of using the property at the north-west corner of Oak and Nebraska streets as a postoffice site.

The village zoning board of appeals met last Friday night to consider the matter and to consider the matter and approve a petition asking that the property in question have its classification changed from R-3 (multiple dwellings) to B-1 (business) which would permit the erection of a postoffice there.

Action of the zoning board was referred to the village board and trustees were unanimous in approving its recommendation.

The property in question is owned by Mrs. Margaret Koerner, The U. S. Postoffice Dept. had selected the site as a

favorable one for a new postoffice and obtained an option on the lot.

The postoffice department will transfer the option to the successful bidder for the building. The way the government acquires most of its postoffices today is to lease them. They select a site, negotiate the price of the property and then ask for bids. The bids are on the terms of the lease. The best terms offered are those accepted and the person offering them then proceeds with the purchase of the property and the erection of the building, built according to government plans and specifications.

This is the way the new postoffice was built at Orland Park a few years ago, and this is the way the new postoffice at Mokena is being built.

New Lenox also is to have a new postoffice, built the same way, on S. Cedar road.

L-W Teacher, Student To Join Exclusive Science Conference

A Lincoln-Way student and teacher have been invited to attend an exclusive affair at the Museum of Science and Industry at Chicago Oct. 20-22. The invitation list is limited to 300 students and 400 teachers from the nation's high schools, selected because of their outstanding interest and excellence in the field of science.

The program at the museum, is listed as a National Youth Conference and the theme will be "The Atom Today."

The Lincoln-Way student is a girl senior, Paulette Radd, of 961 Herr drive, New Lenox, and the faculty member is George Abraham, head of the science department and also the Illinois Junior Academy of Science. They are the only two in the area to be invited to this affair.

Commonwealth Edison, Public Service and 62 associate electric power companies are sponsoring the program. The co-sponsor is the Future Scientists of America Foundation.

Principal speaker is to be Robert E. Wilson, of the U. S. Atomic Energy Commission. Leaders for the panels and discussion groups will be drawn from Argonne Laboratory University of Chicago, and the Illinois Institute of Technology. The students and teachers will make tours of the Dresden Nuclear electrical power plant dedicated last week, and the Argonne Laboratory near Lemont.

O.K. Tree Planting Plans For Frankfort

Approval of plans to add comfort and beauty to Memorial park thru the planting of shade and ornamental trees was given by the Frankfort village board this week and work on the project will be started as soon as possible.

The village board has always favored improvement of the park. Approval of the plans of a citizens group, organized originally as the Swimming Pool Committee but currently spearheading the park improvement project, was the board's formal acceptance of the offer and also an O. K. of some changes in the plans prepared by Alexander, Borkon and Westphal,

ultimately the group hopes to succeed with its plans for a community swimming pool which would be located in the picnic area of the park. After considerable study and investigation the committee decided for the pool should be held up for the present and so diverted its attention to the park beautification.

The village board has not had sufficient funds to do much with the park, the members said and welcomed the aid of the citizens group.

This committee has raised approximately \$600 and it is expected that it will cost about that much to buy and plant 30 trees as well as do some transplanting.

Mrs. Rudman told the board Monday night that plans call for using eight Scotch pines--

four to the side--as background for Amur maples--showy stuff is setting off the entrance to the park. The pines are a comparatively low tree, as are the Amur maples.

The shade trees to be planted now will be scattered about the park, mostly in the picnic area with a few near the ball field. Trees selected by the committee include Imperial locusts, silver maples, pin oaks, ash, sugar maples and locusts.

Some of the trees will be two and a half and three inches in diameter when planted. Some are slow growing, while others of the selection mature rapidly

and provide shade faster. Originally the area near the entrance had been designated as a picnic ground but the committee believed it to be too small and recommended a much larger piece for the purpose, to which the village board has agreed the parking area is now taking over the former picnic grounds at the park entrance.

The Swimming Pool Committee is going forward with the plans. "This is just a beginning," Mr. Rudman said, "but it is a start and we intend to keep on working. Ultimately we will have the pool."

Mr. Rudman said, "but it is a start and we intend to keep on working. Ultimately we will have the pool."

Fog Forces Plane Down At Frankfort

It was fortunate for two men that the McIntosh company put in good roads in the subdivision it is developing north of U. S. 30 at Frankfort.

The two men were in a 4-passenger plane, a Cessna Tri-pacer, that was forced to sit down late Friday after and this new gravel road in Connecticut Hills was the nearest thing to a landing strip in the area.

The pilot, Richard L. Riley, of 931 N. Prairie ave., Joliet, an employee of Montgomery Friday, N. Frankfort Police next meet Simon, that he was 1:30 p.m. Sa. Municipal Airport from Chicago.

FLIPS ON LANDING The Frankfort area drew another unscheduled plane landing last Monday evening about 5:30. A student pilot, Eric G. Hildebrandt, 38, was enroute from Alabama to his home at West Allis, Wis.

His license does not permit him to fly after dark so when he found himself near Frankfort in the gathering dusk he looked for a place to land. He came down on the Ralph Heisner farm, half a mile west of Wolf road, at Owens and Laraway roads, on what he thought was firm ground.

But it was plowed and the light plane, a 2-seater Aerona Tricon, flipped over on its back. The plane was damaged extensively, according to the state police report, but the pilot escaped injury.

The plane belonged to an airport operator in Wisconsin. There was heavy fog and clouds and the plane's radio conked out, according to information given Simon. Between poor visibility and no communication with the ground Riley thought it better to get down than to try for the Joliet airport.

He said he was familiar with the terrain in the Frankfort area and recalled the Connecticut Hills subdivision. Once thru the clouds and haze Riley could see the white strip of gravel beckon invitingly and he set the plane down in a perfect landing.

Riley's passenger was Fred Williamson, of Chicago and Cedar Lake, Ind. Williamson was pleased with the way Riley landed the craft without damage. Williamson is the owner of the plane.

Annex Motel To Frankfort An ordinance annexing the motel site, east of U. S. 45 and north of U. S. 30, owned by Mr. and Mrs. Joseph Campagna and Mr. and Mrs. Julius M. Tarvidos, to the village of Frankfort was adopted by the village council at its meeting this week.

The board also approved extension of a sewer main east under U. S. 45 that will pass on a line between the Oasis drive-in and the Texaco station. The cost, according to the estimate of Engineer Robert Hamilton, would be approximately \$1,914.

Further extension of the main it was said, will depend upon the nature of easements obtained by the village. The village wants access to U. S. 30.

Plan Halloween Activities For Youngsters In Communities

In observance of Halloween the village organizations and schools in the surrounding areas are announcing the following plans for parties, parades and night of fun for the children of all ages.

FRANKFORT The Frankfort PTA will hold their annual Fun Fair in the school gym, Friday, Oct. 28. Beginning Friday morning the children of all eight grades will display various hobbies, collections, exhibits, bakery goods, candies, etc. and Halloween pumpkin carvings.

In the afternoon, before dismissal of school, a group of women of the village, chosen by the principle, will judge the displays and award first, second and third ribbons for each grade.

In the evening, prior to the starting of the Fun Fair, the school children will arrive in Halloween costumes and entertain the parents with a short program.

Various booths, games, cake walks and other carnival type attractions will be erected in the school gym for the annual affair sponsored by the PTA.

This is their yearly money making project for the school, which will start at 7:30 p.m. The affair is opened to the public and is worth attending, according to reports from one of last year's judges.

LINCOLN ESTATES The Will County Auxiliary Police will sponsor their annual Halloween party for all the children of Lincoln Estates, Saturday, Oct. 29 in Ann Rutledge school from 7:30 to 9:30 p.m.

The new attraction this year will be a talent show, complete with costumes, presented by the children. Prizes will be awarded for the best entries. It has been announced that 15 or more prizes will be awarded for various costumes.

For the younger set games have been planned and a scavenger hunt will be held for the school children.

Following the activities refreshments will be served by the Auxiliary Police.

MOKENA

The children's annual Halloween parade sponsored by the Amvets Auxiliary, will be held Monday, Oct. 31 at 7 p.m. Headed by the parade committee is Mrs. James Marti, chairman assisted by Mrs. Andrew Zink and Mrs. Eric Book. All children entering the parade must wear a costume in order to be eligible for a prize.

This year the Lincoln Way high school band will lead the parade, which will assemble at the Carpenter street school. Next in line of march will be the Auxiliary clown band followed by the marchers. The route of the parade will be from Carpenter street to Division; south to First street, West on First street to Mokena street; south to Front street and East to the new fire house.

Silver dollars will be awarded as prizes to pre-school children and pupils in grades from first thru eighth.

PIPELINERS OF ENERGY

Satellite Power Units Cut Pipelining Costs
Demand for natural gas changes radically during the year. Frigid winter storms skyrocket demand for this clean-burning, high-energy fuel. Moving peak demand volumes requires extra horsepower. To make extra horsepower available at minimum expense, Texas Eastern has developed "satellite" compressor stations that operate during the heating season. The remotely controlled stations, powered by the world's largest gas turbines for pipelines, can be put in action instantly by throwing a switch at the controlling station 30 miles away. Savings in operating costs by use of satellite stations enable Texas Eastern to meet peak demands economically. As **Pipeliner of Energy to the Nation**, Texas Eastern is constantly alert to new ideas and ways to increase efficiency and economy of pipeline transportation.

Everything stays clean twice as long in a flameless electric kitchen
There's no flame to create dirt that smudges walls or ceilings. A clean-cooking electric range cooks without soiling, keeps your kitchen clean about twice as long. Result: you spend half as much time and money on washing and decorating.
Heats food—not you. A flameless electric range transfers heat to the pan and directly into foods—not your kitchen. The oven is insulated on all six sides (not just five). Hardly any heat escapes. Your kitchen stays at least ten degrees cooler.
When you build, buy an appliance, or remodel your kitchen, keep in mind the clean, fume-free cooking you get in a flameless electric range.

The annual Harvest Home

Mrs. Lida Miller, 43 S. Hillgate Rd., Mokena says, "I have tried everything except harsh acids to try to remove the yellow stains from our garments and was just ready to give up. My expensive water softener did not help. I had nothing to lose except 98¢ so I tried MIRACLE WHITE. After one washing I could hardly believe my eyes, my clothes were white again! It was almost a miracle, I am telling all my friends about MIRACLE WHITE."

Do as Mrs. Miller and thousands of other suburbanites who have washing problems. Use MIRACLE WHITE, the soft water concentrate. Wherever soap and water are used, try Miracle White and see for yourself why everyone is trying it. Saves up to 75% on soap. Gives you soft, clean, white and bright laundry. In the bath, no more dry skin. Leaves skin soft and smooth.

Goal Of \$820,000 Set For Yule Seal Campaign

A goal of \$820,000, for the 1960 Christmas Seal campaign was announced today by Dr. Walter C. Bornemeier, general chairman for Chicago and Cook county. The campaign will open Nov. 14 and extend thru December.

This Christmas Seal campaign will be the 54th annual drive to raise funds to fight tuberculosis in this area. It is conducted by The Tuberculosis Institute of Chicago and Cook county, local Christmas Seal agency affiliated to the National Tuberculosis Association. During the 1959 campaign gifts from Chicago and Cook county residents totaled \$819,398.

Funds are used for the detection of TB cases, education of the public to the dangers of TB, medical research and the rehabilitation of patients with tuberculosis. The case detection program of the institute carried on in cooperation with official, tax-supported agencies, gives free chest X-rays to more than a million residents of Chicago and Cook county in communities, industries and schools, and conducts tuberculin testing of school children.

The 4-H club unit met in the Methodist church, Saturday, Oct. 15. The following new members were welcomed into the club: Kathy Reiter, Kathy Knippel, Cheryl Jencon and Janis Neill.

New senior leaders appointed for the coming year include: Mary Ann Sampson, Betty Dowle, Connie Corp, Janice Sampson, Cheryl Stoner and Judy Termunde.

Plans were discussed for the 4-H achievement night to be held in the Lincoln-Way high school, Friday, Nov. 11.

The next meeting will be held at 1:30 p.m., Saturday, Nov. 19 at the regular meeting place.

Class No. 10, Keg Bending: Billy Greenwalt on Flicha, Fred Horton riding Babe, Herb Folkers riding Kit.

Class No. 11, Clover Leaf Race: Greg Carlson riding Chestnut, Dean Anderson riding Blaze, John Brazovich riding Papose.

Class No. 12, Shoe Race: Louis Floyd riding Daddy-O, Jack Radostovich riding Pappas, Joe Wachter riding Beauty.

Class No. 13, Pick-up Race: Russ Zizek riding Red, Gregg Carlson riding Chestnut, Fred Horton riding Babe.

Medical research projects in three local universities and in a hospital are supported by Christmas Seals.

"This is the area of program which we think should be expanded in 1961," stated Dr. Bornemeier. "Research supported over a period of years has developed new drugs and surgical techniques responsible for a decrease in mortality and morbidity rates. Still to be achieved are: finding an agent which will destroy the germ, a vaccine to protect the individual from infection and a simple and practical blood test to disclose active TB."

The tuberculin testing of children in schools has been greatly stepped up this year with a crash program for over 40,000 ninth grade students in Chicago public parochial and private schools. Tuberculin testing in suburban schools will be continued at the same time. Last year 17,199 pupils were tested in suburban schools. The total number tested in both city and county schools last year was 40,123 in the Institute testing program.

Ry. Must Pay \$187,500 To Injured Man

(CNS) A veteran Harvey switchman was awarded \$187,500 damages against the Indiana Harbor Belt Railway Co. for work injuries Friday by a jury before Judge Ezra Clark of Canton, Ill., sitting in Circuit court. Orville Lohmeyer, 45 years old, 535 East 148th street, Harvey, married and the father of two daughters, who has worked 17 years for the railroad, was acting as head brakeman for a switching crew Sept. 5, 1959, in the Blue Island yards, when he was hurt.

His attorneys, Bruneau E. Heirich and Roderick N. Wycokoff, charged that the railroad was negligent in that two Diesel engines and a caboose coasted silently up the main line track next to where he was standing ready to throw a switch and struck him without any warning.

He suffered a fractured right shoulder and a compound fracture of the skull which required removal of bone and insertion of a 2 1/2-inch metal plate. This caused permanent paralysis of the right arm and leg and affected his sight and speech. The suit asked damages of \$350,000.

Hints For Homeowners

BY: JAMES FIZZELL,
ASST. FARM BUREAU

Attractive plants are an essential part of the grounds around a home.

October is the time to plant trees and shrubs. Good quality plants should be purchased from a reliable nursery. Large plants and evergreens should be balled and burlapped. The ball should be firm and in proportion to the size of the plant. Some small bushes and trees can be bare root.

If the plants cannot be set out immediately after purchase they should be put in the shade and watered. Holes for planting should be dug at least one and one-half times the diameter and depth of the ball on the plant. If the soil is heavy or drainage is poor, sand and organic matter should be mixed with the soil removed from the hole. Replace some of this soil in the hole and set the plant so that the top of the ball is slightly below ground level. Untie any ropes around the stem of the plant but do not remove the burlap. Replace the rest of the soil, tamping to firm it as the hole is filled. When the hole is filled to the level of the ball, use

the remaining soil to form a ring around the edge of the hole. This ring will help to hold water during rains or when the plant is watered. Immediately after planting, the plant should be well watered, even though the soil is wet, to firm the soil around the ball. The plant should be watered carefully for the first year including during the winter, on evergreens, if there is no snow or rain.

Some young deciduous trees such as hard maples are susceptible to sun-scald which cracks the bark of the trunk during winter. These trees should be wrapped with a good treated paper and securely tied.

Tall trees should be staked to keep them from blowing over during high winds. It is usually necessary to support large trees from all sides. Small trees can be held with two tall stakes driven into the ground on either side of the trunk. Whatever method is used, be sure to protect the trunk of the tree from the support wires. One of the best methods is to run the wire through cut up sections of garden hose any place they contact the tree.

Law Day which occurs May 1 each year. Law Day, like the observance of newspaper week, is a time to draw attention to the value and importance of our law-based freedoms.

In a sense, both the law profession and the newspaper profession have a common objective—the objective to bolster and strengthen our American freedoms for the good of all American citizens. Thru bold headlines and courageous reporting, newspapers have furthered that objective. And likewise the law profession, through its quiet work in the courts and its defense of citizen rights, has made American freedoms a shining reality for all the world to see. Again my congratulations!

Sincerely,
Edward B. Love
President

The Upper Room

Grace be to you and peace from God our Father, and from the Lord Jesus Christ, (11 Corinthians 1:2).

It was a stormy November day in a town in northern Norway. I made my way toward the hospital to make my regular calls upon the patients and to hold the preaching service there. In the hospital I found the usual silence — and the usual hurry.

Before the service, an anxious mother asked me to see her son who was seriously ill. She told me he was eighteen and wanted to talk to a minister. As I went into his room, the boy's mother left, closing the door behind her. He and I were alone.

I did not know him, but was about to begin speaking when something unexpected happened. The boy turned his face toward me. He smiled and said, "Peace from the Lord." This dying boy, with faith in the Lord, wanted to share with a minister the peace that Jesus Christ had given him.

On a stormy day, in a house of pain and uneasiness, the boy knew the comfort and leavening power of Christ's peace. He passed on to me a feeling of peace, which I carried with me into many experiences. PRAYER: O God of Love, we thank Thee for Christ's peace. Help us to share Thy peace with those we meet, that it may be the leaven of life to them. In Christ's name, Amen.

THOUGHT FOR THE DAY: In all circumstances, Christ's peace leavens life.
Leif Seyre (Norway)

Business & Finance

BY MAURICE P. ANGLAND
The stock market volume of trading for some time now, has been very small.

In commenting on this fact, the Financial World comments, "The stock market appears to be delicately poised between those who foresee the present period of economic adjustment worsening into serious recession and the buoyant optimism of those who expect fourth quarter corporate earnings to belie the talk of business infirmity."

The Financial World expresses belief that the expected autumn is delayed and that commodity prices did not show their usual vigor in September. The magazine Iron Age notes that the slow improvement at less than seasonal rate, will continue.

Financial World also points to factors indicating business is turning upward. Contracts for new construction are increasing, demand for electric power which gained steadily in the third quarter, is well ahead of last year and retail sales greater than last years good volume.

In summary as to stocks, the magazine states, "The shake-out has put several groups and quite a few issues on a more realistic yield basis. The worst of the adjustment may be over, however, and the prudent investor would do well to confine new commitments to those situations in which prices can be justified by immediate earnings prospects."

The textile industry seems to be in its usual cycle. The forecast is for lower earnings in this industry as a whole. Consolidations have corrected some of the over-capacity, but price cutting more than curtailment of operations, is often the case. Many units in this field are family owned and operated with no close cohesion as an industry. Some of these family units have been known to expand in periods of over-production. New improvements in looms may aid in correcting ills of this field.

It is now reported that about \$700 million in new federal aid funds for highway construction, will be released and contracts being let.

The president of the country's largest bank, Bank of America, stated in an interview for the Wall Street Journal, "If this is a recession, is certainly is not a particularly depressed one."

He went on to state that the country is in a breathing period after substantial increases and that the base is being made to move ahead once again.

The U. S. News & World Report of Oct. 17, points out that business slow-downs since World War II have all been mild and short lived.

The magazine goes on, "There are no signs that current stagnation will be any different. The basic strength of the U.S. economy seems to assure only moderate setbacks."

In analysis of this opinion, the magazine points out that spending for NON-DURABLE goods as food, clothing, gasoline, tends to increase with population and rising living standards; SPENDING FOR SERVICES as home repairs, medical care, has been in rising trend for 20 years; and that government spending has been in a rising trend and likely to be increased in periods of slow down.

The above items comprise 75 per cent of the gross national product.

The balance causes the ups and downs according to the magazine. Inventory buying has been slowed; capital equipment purchases down somewhat; consumer buying of durables not as good as expected; construction is at high point but not increasing.

Dedicate New Cemetery For Cook County Paupers

A new cemetery, where the county's pauper dead will be accorded more dignified burial, was dedicated, Oct. 10 on the county-owned grounds near Oak Forest hospital.

It is known as the Cook County cemetery and will occupy a 25-acre space next to the county's nearly-filled potter's field. First burials in the new cemetery will be made about Nov. 1.

Principal speaker at the dedication was Daniel Ryan, county board president.

The new cemetery will provide 12,000 graves and should be

adequate for the next 40 to 50 years, Ryan said. It is on the eastern side of the Oak Forest grounds and is reached most readily from the east entrance at 159th st. and Crawford ave.

Others who participated in the ceremony were Commissioners William N. Erickson and Edward M. Sneed; Carl K. Schmidt, Jr., superintendent at Oak Forest hospital, representatives of the clergy, and the American Legion drum and bugle corps of Oak Lawn which raised the United States flag at the cemetery's large memorial monument.

Need Big Vote To Pass University Bond Issue

Illinois -- despite its reputation as one of the wealthiest states in the country -- is in the midst of a financial crisis which threatens the future opportunities for higher education for an ever-increasing number of eligible college-age men and women.

The combination of an exploding population and lack of sufficient building funds to handle this tremendous influx of students has resulted in a great strain on the financial capacity of the state.

As a result, members of the state's General Assembly and the administrators of the state's tax-supported universities have turned to the single method available for resolving the interests of higher education.

The method -- a bond issue referendum -- will be placed before the voters of the state on November 8. If passed, the referendum will provide \$195,000,000 in bonds which can be sold to finance sorely needed capital improvements at the six state universities.

Marley Church Dedicates Annex On 127th Anniversary

BY VIRGINIA SASS
HU 5-3133

The 127th anniversary of the Marley Baptist Community church and the dedication of the new \$22,000 addition was celebrated on Sunday, Oct. 9 during morning worship.

The Rev. Harold Finley of Lockport, was the speaker and his sermon was entitled, "Youth, Age and Victory". Special music was given by the women's choir with Mrs. Robert Lindberg as soloist. Children of the Sunday school participated with songs of dedication.

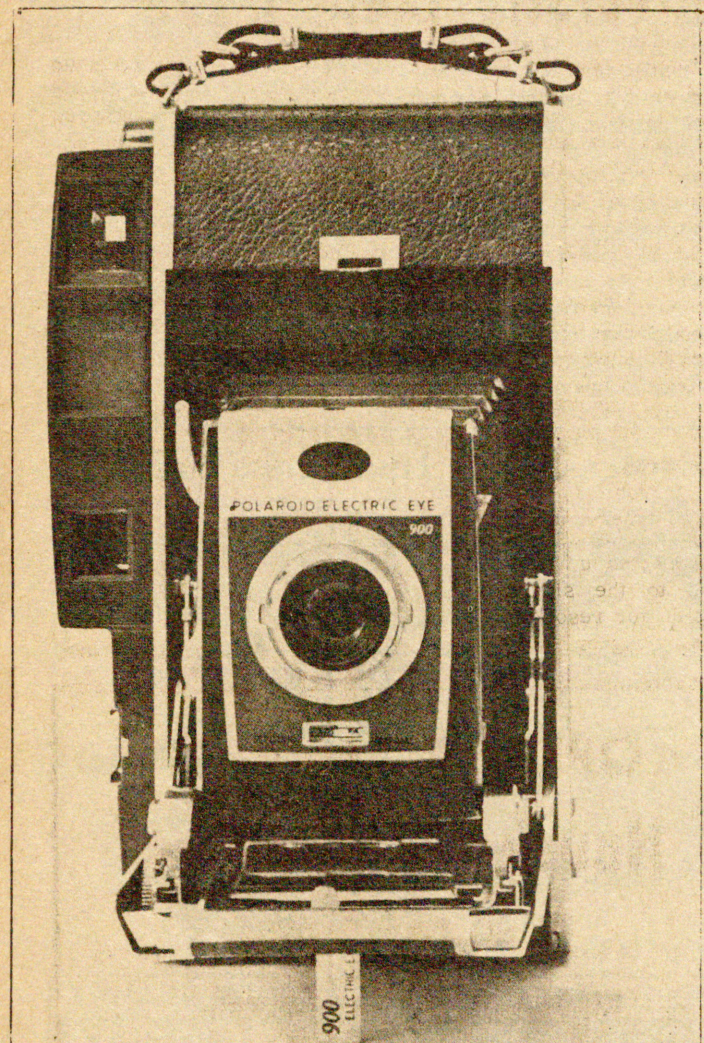

Following the service an open house of the new addition was held.

The 20' x 40' annex blends in beautifully with the architecture

of the church. Included in the addition are Sunday school class rooms, a pastor's study, new kitchen, new heating system and an enlarged dining room.

Construction on the new section was begun last fall and completed in the spring under the supervision of Russel Lauffer, chairman of the building committee. Working with Mr. Lauffer on this committee were Rev. Ray Hamer, Mrs. Edward Sproat, Mrs. Francis Nelson, Mrs. Loren Sass, Edward Sproat, Francis Nelson, Harwood Stellwagen and James D. Frazer.

CHORAL DEPARTMENT

The Girls' Glee Club, under the direction of Tom Thompson, a student teacher, has made arrangements for the girls to perform at Olivet College in Kankakee where he is a senior student. The Glee club sang at the Homecoming Football game, Saturday, Oct. 15.

At a recent meeting the following officers were elected for the school year; Nancy Wanzer, president; Virginia McCullough, vice-president; Jane Wood, secretary; Mary Hunter, treasurer; Helen Graham, librarian; and Sharon Dwyer, reporter. Mr. Thompson has chosen Patty Ronan, Nancy Wanzer and Cheri Palmer as section leaders.

Lynn Stauffenberg, will serve as the new president of the freshman 4A chorus for the coming year. Others elected to office at a recent meeting, include; Ken Foutz, vice-president; Barbara Hansen, secretary-treasurer; Nancy Porick, librarian and Michael Cullen, reporter.

At present the chorus is working on the fundamentals of singing.

Recently the 5C chorus elected into office the following members; Cindy Robinson, president; Chuck Johnson, vice-president; Dale Hunt, secretary-treasurer; Janice Sampson, librarian; and Georgia Thornton, reporter.

Tom Olson, director of the music department, opened the voting for nominations for president. After electing Cindy Robinson for president, she continued the voting.

The 5C chorus has been working on our "Music... It's A Pleasure" books on Mondays; the remaining days are spent on learning some of the fundamentals of singing.

Urges Special Program For Junior High Pupils

(CNS) In a memorandum to school boards issued this week, Education In The Junior High School Years, Dr. James B. Conant, former president of Harvard university, concludes that the educational program of pupils in grades 7 through 9 is far more important than the placement of these grades within a school system.

"When enrollments are large enough," says Dr. Conant, citing the widespread diversity in school organization, as well as professional disagreement on the placement of these grades, "I am convinced it is possible to provide for pupils in grades 7, 8, and 9 the kinds of educational experiences they need regardless of the structure of the school system."

The educational program of boys and girls, ages 12 to 15, and its implications for school organization are the two major subjects discussed in this report.

The fourteen recommendations in the report and Dr. Conant's conclusions about school organization are based on observations he and his staff made in visits to 237 schools in 90 school systems in 23 states during the past year.

Dr. Conant's fourteen recommendations range from required subjects for pupils to the number of clerks needed in the principal's office.

In addition to English, social studies, mathematics, and science, the required subjects, Dr. Conant emphasizes art, music, and physical education. All boys should receive instruction in industrial arts, and girls in home economics.

"To my mind, the minimum goal for almost all pupils at the end of grade 9 is that these future voters should be able to read with comprehension the front page of a newspaper at a rate of about 200 words a minute," comments Dr. Conant, stressing the need for greater attention to remedial work in reading and arithmetic for those who need it.

On the other hand, he urges algebra in grade 8 and foreign languages on a conversational basis for those who can benefit.

Among other recommendations Dr. Conant comments on such topics as extra-class activities, departmentalization, flexibility in scheduling, grouping, guidance, homework, promotions, and the leadership role of the principal.

In the near future Dr. Conant says that a final report on his studies of American public education will be forthcoming. These studies are financed by a grant from the Carnegie Corporation of New York to the Educational Testing Service.

Mokena Hans Carlsons Return From Native Homeland

MRS. MARGARET SEMMLER
Tel. 5561

Mr. and Mrs. Hans Carlson, residents of Mokena for the past number of years, returned last Monday from their birthplaces in Norway, where they had visited for the past two years.

Mr. Carlson, 71, came to this country in 1910 from Halden, Norway and Mrs. Carlson came here in 1914, from Solar, Norway. At that time Mr. Carlson was working in Boston and the two happened to meet. After their marriage they moved to Chicago where he was employed in the leather industry, making jackets and a variety of leather goods. After his retirement they moved to Mokena. They have made five trips to their homeland, but stated this was the last trip. Until they can find a place to rent they are staying with their son, Roy and family in Mokena.

While in Halden, Mr. Carlson was working among boats at the dock, and he stated it was the hottest there this summer, that has ever been experienced. The temperature reached 90 degrees and remained at that point for a long time. He said he really got tamed.

He was a good representative for our country, his adopted one, as he was constantly telling all he contacted, about the wonders of the U. S. A. He especially told about the American Indians of which he and his wife are proud of their history and how they are the really first Americans, and that this country is notable for their only place of existence. They both told of our country at large, and especially of Mokena and surrounding area. They are very proud to be citizens of the U. S. A.

Mr. Carlson also told of the friendly spirit that the people of Norway have for the U. S. A. and that they appreciate what this country has done for Norway and glad to see how we are opposed to the U. S. S. R. and all communist countries, and hope that this country will always remain strong. He explained that Norway is making great strides forward in the paper industry; mining of valuable minerals in the mountains and chemical and scientific experiments.

PTA NEWS

The regular monthly meeting of the PTA will be held in the Carpenter street school, Tuesday, Oct. 24 at 8 p.m.

"Let's Learn More About How Our School Board Functions" will be the topic of the program. Members of the school board, headed by Robert Geuther, president, will present the geography and history of the school district. They will tell how it operates, where the money comes from and what the philosophies of the board are. There will also be a short presentation by teachers on the school program.

"This should be a very interesting program for those of us who are dissatisfied about tax increases for education," according to a PTA spokesman. "It will also give you an opportunity to meet the men you have elected."

Refreshments will be served by Mrs. Fred Clark and Mrs. Joe Ford, seventh grade room mothers.

Lincoln Estates PTA To Serve Turkey Dinner Sunday, Oct. 23

MRS. EMIL WILLE
Tel. Frankfort 5277

The PTA of Ann Rutledge school will serve a turkey dinner at the school, Sunday, Oct. 23. The dinner will be opened to the public from noon to 6 p.m. Donations will be \$1.50 for adults and 75¢ for children under 14 years old. Tickets may be purchased at the door or may be obtained from Mrs. April, Frankfort 4118.

Samples of school work were displayed on each child's desk at the PTA open house last Monday evening. Mrs. Dwight Hicks, president, conducted the business meeting that followed. Mrs. Robert Wheeler reported that a gas stove has been purchased for the school's kitchen and the school board is having it installed.

Mrs. Dwight Nicholson, council delegate, gave a report on the recent meeting of the Eastern Area Will County Council. The meeting was held at Manhattan and attended by the following women of the local group: Mesdames, Robert Wheeler, Jay Bissell, Dwight Nicholson and Dwight Hicks.

William Frankenberg made colorful and informative signs and posters for the open house and Mrs. Steve Kubeck, hospitality chairman with her committee, Mrs. Clarence Huffstetter, Mr. John AnDonkand Mrs. Paul welcomed the parents.

At the close of the meeting refreshments were served by Mrs. Stanley Balsie; assisted by Mesdames, George Schaefer, James Dixon, John Bulanda, Joseph Gudgeon, James Free-

man, Clarence Huffstetter, Frank Kovar and Clarence Zimmerman.

Mental Illness No Respector Of Age, Sex, Or Nationality

Mental illness is not confined to any certain age group, sex, or nationality. Many young people are victims like Mrs. E. G., a patient in the Tinley Park State hospital.

This case history will point out how with proper facilities many mentally ill patients may be cured.

Hospital care and treatment for this young woman who has been a patient in Illinois State hospitals for 12 years by voluntary commitment, probably saved her life.

Hopelessly despondent and contemplating suicide, she was a victim of her guilt feelings. Immediate hospitalization and a sympathetic staff averted a possible tragedy.

Now 32 years old, Mrs. E.G. has been a patient at the Tinley Park hospital since January 1960. Previously, she has had three admissions at Manto State hospital.

At the age of 21, and a few weeks before her wedding, E.G. went out one evening with some of her girl friends. The next day she returned her engagement ring to her fiancé and told him she had changed her mind about marrying him.

She became very despondent and entertained the thought and conviction that she was a complete failure. Not only did she become delusional and hysterical, but also suffered a lapse of memory. As she became depressed, her power of judgment became so impaired that she began talking about suicide.

In an effort to help this patient and save her from the suicidal tendencies, the hospital has mobilized as many of the staff as possible. The cause of the guilt complex was recognized and removed thru psychotherapy. Her disturbance was also helped thru chemotherapy, including tranquilli-

cally. The wagons were provided by Mr. and Mrs. Dwight Nicholson who also served as chaperones. Their son, John and Mr. Nicholson drove the tractors. Two Auxiliary Police cars driven by William Davidson and Rudy Urbano accompanied the wagons. Other chaperones were: Mrs. J. Delaney, Mrs. Stanley Balsie, Mr. and Mrs. William Frankenberg, Clarence Zimmerman, Mrs. Dwight Nicholson, Mrs. Rudy Urbano and Mrs. Dwight Hicks.

zers.

Although this patient is still at the Tinley Park State hospital, yet she has made considerable improvement. She is still subjected to episodes of disturbance but so far has shown no evidence of attempting to commit suicide. She is presently participating in occupational and recreational activities.

The hospital staff are hopeful that in the future she will reach a degree of improvement which will enable her to be considered for a discharge.

After discharge and as a safeguard against a recurrence of her condition, this patient may be referred to one of the Mental Health Centers for supervision. These Centers are clinics financially aided by the State of Illinois.

Passing of the bond issue means helping 50,000 mental patients, who are unable to help themselves. It means improving institutions, some of which were built before the Civil War, some of which are up to 43 percent over maximum capacity, and all of which are in the ever present danger of disaster from fire and epidemics.

Homer Aux. To Fire Dept. Will Hold Bazaar, Supper

MRS. ELIZABETH ANDERSON
Tel. TE 8-4846

Homer Church people have recently had a very successful auction at the Otto Kunow farm and a supper at the church attended by more than 300 people. For both affairs they are grateful to all who cooperated in making them the big events which they proved to be. Special credit is due the committees who worked so tirelessly before and after each day; to the Couples Club and the Shepherd family who furnished food for the auction and to all who spent time and effort in many ways. Visitors were present at the supper from Lemont, New Lenox, Marley, Joliet and Lockport.

Members of the Couples' Club were entertained in the Otto Moravec home on S. Parker Rd. Friday evening, Oct. 14. Mr. and Mrs. Robert Bielby,

While capital improvements are needed at all of the state's 26 welfare institutions, the most urgent and critical needs are within the state mental institution system, 13 mental hospitals and two schools for the mentally retarded.

In the 13 mental hospitals, 36,000 mentally ill patients are housed in space considered the minimum requirement for less than 28,000. At Dixon and Lincoln state schools, more than 10,000 mentally retarded are jammed together in space designed for 7,000. More than 1,850 are awaiting admission to Lincoln and Dixon, many have been waiting two years and more. More than 700 are infants urgently needing very special care.

The Public Welfare building bond issue will provide \$150,000,000 for urgently needed capital improvements at institutions operated by the Illinois Department of Public Welfare.

Next week another case history from the files of the Tinley Park State hospital will be published to enlighten the voters on the need to provide more money for state institutions.

Museum Announces Tours For Grade Schools

Invitations to 1,386 public, parochial and private schools in Chicago and the surrounding counties to arrange special inspection visits, with demonstrations tied closely into their regular classroom studies, have been extended by the Museum of Science and Industry.

Two special presentations for elementary schools will be given during October and another pair in November, while between Thanksgiving Day and the end of the Yuletide season added facilities will be provided to enable more school groups to participate in the Museum's long established annual "Christmas Around The World" festival.

One of the October offerings is a "simple machines show" at which, by actual personal participation, grammar school students will be shown what such tools as the lever, wedge, pulley, screw, inclined plane, and wheel and axle do for them.

The Missionary Society of Homer Church will meet on Thursday Oct. 27, at 1 o'clock with Mrs. H. Y. Drewes and Mrs. Otto Moraves as hostess, at the Church.

Funeral services were held Saturday morning Oct. 15, for Mrs. Anna Marie Welter, a life long resident of Homer Twp., from the Gerharz funeral home in Lockport. Burial was in St. Michael's Cemetery in Homer. She was the daughter of the late John and Anna Marie Jungles, and the wife of Nicholas L. Welter, a long time Homer supervisor, who died in 1936.

Surviving are her daughter Mrs. Burnette Donahue, 143rd St. Homer where Mrs. Welter, made her home for many years, and where she died Wednesday Oct. 12, at the age of 85 following a paralytic stroke which occurred six weeks ago; also a son Barney, the present supervisor of Homer Twp., and three other sons, John of Lemont and George and Andrew of Homer; 14 grandchildren and 16 great-grandchildren.

Mrs. Welter was a member of the Altar and Rosary Society of St. Dennis Church and of the Good Luck Camp of Royal Neighbors.

Joe Kientz of Rochester, Minn., and formerly of Homer spent Monday and Tuesday of last week in the home of his sister, Mrs. Frank Kolar and family of 159th St.

Homer Fire Auxiliary women are busy preparing for the bazaar and spaghetti supper which they will sponsor on Nov. 10 at the Fire House. They will have booths containing candy, stuffed toys, aprons, fancy work miscellaneous articles and a fish pond.

The Volunteer Firemen will hold their monthly meeting on Monday evening, Oct. 24, at 7:30 p.m. at the Fire House. The Ray Carlsons went to Michigan Saturday on a business and pleasure trip.

Mrs. Earl Burnworth and Mrs. W. Dudek were Chicago visitors Thursday.

Homer young people captured several ribbons and trophies at the recent gymkhana in New Lenox.

The other October event is a tour of various exhibits especially selected because of their value in showing the different areas of the world's geography and what natural resources they have contributed to man's progress.

The "History Behind Today's Industry," a special tour which can be adjusted to the ages and grade levels of the visiting students, is scheduled for November. History thru the many ages of invention will be portrayed by the Museum's vast collections of old vehicles, first engines, early farm machinery and other exhibits which bring the past into the present. Goal of this inspection trip is to help students in understanding how the discoveries of science and their adaptations by industry are enriching our lives today.

Also, presented as a feature especially designed for school children will be the book fair from Nov. 5 to 13.

Because of the traditionally heavy response, all school groups accepting the Museum's invitation must make their reservations in advance.

During the school year ended last June, the Museum of Science and Industry entertained special touring groups from 4,791 schools.

Pert June Cowan, hearing the menfolk in her family tell of a new power spray deodorant that dries instantly on contact, decided to try it out for herself. Now, despite complaints from the male side, who should have had the right guard for their grooming cabinet, she has kept it for her own. "After all," says June, noting the spray's claim of taking two seconds for 24-hour protection, "don't women need the right kind of guarding, too?"

Would you like to reach the end of a trip with an unruffled look? Take along fresh clothes, stop and change at a service station near your destination.

Superstitions About Money Easier To Collect Than Cash

JOHN W. ALLEN
S. Ill. Univ.

SEMMLER NEWSPAPERS
Thursday, October 20, 1960 Page 7

The world is full of collectors. The objects they gather include almost everything from acorns and buttons to yo-yos. Whatever goes into his collection, each hobbyist seems to cherish it. Some with necessary talents even collect money and apparently are made happy.

Having tried money collecting with poor results, the writer decided to turn to the collecting of money superstitions instead. They are easy to come by and cost nothing unless one believes too strongly. Moreover, they may be passed about freely without loss. To date, more than a hundred and forty bits of such money lore have come to hand.

It has been found that such superstitions are connected with many other objects in addition to money. Some of these are the moon and stars, foods, moles, warts and whippoorwills. If your pocketbook is empty when you see the new moon it will be empty during that moon. Should it be full, the reverse will be just as true. Any misfortune threatening from the new moon-flat pocketbook combination can easily be offset by seeing a shooting star and saying "money, money, money" before the star ceases to blaze. Good fortune is doubly sure if one has a piece of money in hand when the star appears and repeats the magic words before it vanishes.

Pins also may foretell the turn money affairs will take. One who finds a pin with point toward him will inherit money. If the point is away, he will pay money out. A hairpin found in the morning and hung up will bring good fortune.

Charms from plants and animals may foretell money trends. Find a fourleafed clover and you will inherit money. If it is collected on a grave, the inheritance will be greater. A small bag of red pepper worn about the neck brings financial good fortune. Many men have carried a buckeye, a bit of oyster shell, the breast bone of a sparrow, or a rabbit's left hind foot to assure money luck.

Some foods bring good fortune. Eat a dried herring at midnight on New Year's Eve and you'll have money all the year. If one does not like dried herring, equally good results can be had by eating hoghead, cabbage, sauerkraut, or white beans. Many insist that the cabbage is most effective if it is fried. Others think it just as propitious if the cabbage is cooked and then quartered. The white beans should be eaten with hoghead. Onion skins should always be burned, never thrown into the garbage pail. Foods that swell when cooked, like dried apples, should be prepared on New Year's Day.

Bubbles that arise on pools of water during a shower indicate that money is to be expected. Bubbles on a cup of coffee indicate the number of dollars that one may expect. In order to assure receipt of the money the bubbles must be counted. They also are effective if swallowed before they burst. Should they be broken by the drinker's attempt to take the bubbles into his mouth he will lose that number of dollars.

Dreams and money are closely connected. Dream of a turkey and you will receive a large sum of money. A dream of an orchard, the moon, a spider spinning a web, an umbrella or of cracking, and eating walnuts and you will receive a large sum of money. Dreaming of paper money means that news of a death will be received or that the dreamer will lose money. A dream of

ORDINANCE NO. 518
AN ORDINANCE DEFINING, REGULATING AND LICENSING PEDDLERS, SOLICITORS AND CANVASSERS AND PROVIDING PENALTIES FOR THE VIOLATION THEREOF

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF FRANKFORT, WILL COUNTY, ILLINOIS:

SECTION 1. It shall be unlawful for any person to engage in the business of peddler, solicitor or canvasser as defined in Section 2 of this ordinance within the corporate limits of the Village of Frankfort, Will County, Illinois, without first obtaining a permit and license therefore as provided herein.

SECTION 2.

a. The word "person" as used herein shall include the singular and the plural and shall also mean and include any person, firm, corporation, association, club or copartnership, or any other organization.

b. The word "peddler" as used herein shall include any person, whether a resident of the Village of Frankfort or not, traveling by foot, wagon, automobile vehicle, or any other type of conveyance, from place to place, from house to house, or from street to street, carrying, conveying or transporting goods, wares, merchandise, meats, fish, vegetables, fruits, garden truck, farm products or provisions, offering and exposing the same for sale, or making sales and delivering articles to purchasers, or who, without travelling from place to place, shall sell or offer the same for sale from a wagon, automobile vehicle, railroad car, or other vehicle or conveyance, and further provided that one who solicits orders and as a separate transaction makes deliveries to purchasers as a part of a scheme or design to evade the provisions of this ordinance shall be deemed a peddler subject to the provisions of this ordinance. The word "peddler" shall include the words "hawker" and "huckster."

c. A canvasser or solicitor is defined as any individual, whether resident of the Village of Frankfort or not, traveling either by foot, wagon, automobile, motor truck, or any other type of conveyance, from place to place, from house to house, or from street to street, taking or attempting to take orders for sale of goods, wares and merchandise, personal property of any nature whatsoever for future delivery, or for services to be furnished or performed in the future, whether or not such individual has, carries or exposes for sale a sample of the subject of such sale or whether he is collecting advance payments on such sales or not, provided that such definition shall include any person who, for himself, or for another person, firm or corporation, hires, leases, uses or occupies any building, structure, tent, railroad box car, boat, hotel room, lodging house, apartment, shop, or any other place within the Village for the sole purpose of exhibiting samples and taking orders for future delivery.

SECTION 3. APPLICATION. Applicants for a permit and license under this ordinance must file with the Village Clerk a sworn application in writing (in duplicate) on a form to be furnished by the Village Clerk which shall give the following information:

A. Name and description of the applicant.

b. Permanent home address and full local address of the applicant.

c. A brief description of the nature of the business and the goods to be sold.

d. If employed, the name and address of the employer, together with credentials establishing the exact relationship.

e. The length of time for which the right to do business is desired.

f. The place where the goods or property proposed to be sold, or orders taken for the sale thereof, are manufactured or produced, where such goods or products are located at the time said application is filed, and the proposed method of delivery.

g. A photograph of the applicant, taken within 60 days immediately prior to the date of filing of the application, which picture shall be two inches by two inches showing the head and shoulders of the applicant in a clear and distinguishing manner.

h. The fingerprints of the applicant and the names of at least two reliable property owners of the County of Will, Illinois, who will certify as to the applicant's good character and business respectability, or, in lieu of the names of references, such other available evidence

as to the good character and business responsibility of the applicant as will enable an investigator to properly evaluate such character and business responsibility.

i. A statement as to whether or not the applicant has been convicted of any crime, misdemeanor, or violation of any municipal ordinance, the nature of the offense and the punishment or penalty assessed therefor.

j. A statement by a reputable physician of the Village of Frankfort, dated not more than ten (10) days prior to submission of the application, certifying the applicant to be free of contagious, infectious, or communicable disease.

k. If a vehicle is to be used, a description of the same, together with the license number or other means of identification.

l. At the time of filing the application, a fee of \$5 shall be paid to the Village Clerk to cover the cost of investigation.

SECTION 4. INVESTIGATION AND ISSUANCE.

a. Upon receipt of such application, the original shall be referred to the Chief of Police, who shall cause such investigation of the applicant's business and moral character to be made as he deems necessary for the protection of the public good.

b. If as a result of such investigation, the applicant's character or business responsibility is found to be unsatisfactory, the Chief of Police shall endorse on such application his disapproval and his reasons for the same, and return the said application to the Village Clerk, who shall notify the applicant that his application is disapproved and that no permit and license will be issued.

c. If as a result of such investigation, the character and business responsibility of the applicant are found to be satisfactory, the Chief of Police shall endorse on the application his approval, execute a permit addressed to the applicant for the carrying on of the business applied for and return said permit, along with the application to the Village Clerk, who shall, upon payment of the prescribed license fee, deliver to the applicant his permit and issue a license. Such license shall contain the signature and seal of the issuing officer and shall show the name, address and photograph of said licensee, the class of license issued and the kind of goods to be sold thereunder, the amount of fee paid, the date of issuance and the length of time the same shall be operative, as well as the license number and other identifying description of any vehicle used in such soliciting or canvassing. The Clerk shall keep a permanent record of all licenses issued.

SECTION 5. FEES.

a. The license fee which shall be charged by the Village Clerk for such license shall be \$10 per day, \$15 per week, \$20 per month, \$25 per year. No limit on number of trucks for yearly license.

b. No fee or license shall be required of one selling products of the farm or orchard actually produced by the seller.

c. The annual fees herein provided shall be assessed on a calendar year basis and on or after July 1 the amount of such fee for annual license shall be one-half the amount stipulated above for the remainder of the year.

SECTION 6. BOND. Every applicant not a resident of the Village of Frankfort shall file with the Village Clerk a surety bond, running to the Village in the amount of \$1,000.00, with surety acceptable to and approved by the Mayor, conditioned that the said applicant shall comply fully with all the provisions of the ordinances of the Village of Frankfort and the statutes of the State of Illinois regulating and concerning the business of solicitor or peddler and guaranteeing to any citizen of the Village of Frankfort that all money paid as a down payment will be accounted for and applied according to the representations of the solicitor and further guaranteeing to any citizen of the Village of Frankfort doing business with said solicitor or peddler, that the property purchased will be delivered according to the representations of said solicitor. Action on such bond may be brought in the name of the Village to the use or benefit of the aggrieved person.

SECTION 7. LOUD NOISES AND SPEAKING DEVICES. No peddler, nor any person in his behalf, shall shout, make any cryout, blow a horn, ring a bell or use any sound device, including any loud speaking radio or sound amplifying system upon any of the streets, alleys, parks or other public places of said village or upon any private premises in the said village where sound of sufficient volume is emitted or produced therefrom to be capable of being plainly heard upon the

streets, avenues, alleys, parks, or other public places, for the purpose of attracting attention to any goods, wares or merchandise which such licensee proposes to sell.

SECTION 8. BADGES. The Village Clerk shall issue to each licensee at the time of delivery of his license a badge which shall contain the words "Licensed Solicitor or Peddler," the period for which the license is issued and the number of the license, in letters and figures easily discernible from a distance of ten feet. Such badge shall, during the time such licensee is engaged in soliciting, be worn constantly by the licensee on the front of his outer garment in such a way as to be conspicuous.

SECTION 9. EXHIBITION OF LICENSE. Solicitors, Canvassers and Peddlers are required to exhibit their licenses at the request of any citizen.

SECTION 10. DUTY OF POLICE TO ENFORCE. It shall be the duty of any police officer of the Village of Frankfort to require any person seen soliciting or canvassing, and who is not known by such officer to be duly licensed, to produce his solicitor's or canvasser's license and to enforce the provisions of this ordinance against any person found to be violating the same.

SECTION 11. RECORDS. The Chief of Police shall report to the Village Clerk all convictions for violation of this ordinance and the Village Clerk shall report to the Village Clerk all convictions for violation of this ordinance and the Village Clerk shall maintain a record for each license issued and record the reports of violation therein.

SECTION 12. REVOCATION OF LICENSE.

a. Permits and licenses issued under the provisions of this ordinance may be revoked by the Village Clerk of the Village of Frankfort after notice and hearing, for any of the following causes:

(1) Fraud, misrepresentation, or false statement contained in the application for license;

(2) Fraud, misrepresentation or false statement made in the course of carrying on his business as solicitor or as canvasser;

(3) Any violation of this ordinance;

(4) Conviction of any crime or misdemeanor involving moral turpitude; or

(5) Conducting the business of soliciting, or of canvassing, or of a peddler, in any unlawful manner or in such a manner as to constitute a breach of the peace or to constitute a menace to the health, safety, or general welfare of the public.

b. Notice of the hearing for revocation of a license shall be given in writing, setting forth specifically the grounds of complaint and the time and place of hearing. Such notice shall be mailed, postage prepaid, to the licensee at his last known address at least five (5) days prior to the date set for hearing.

SECTION 13. APPEAL. Any person aggrieved by the action of the Village Clerk in the denial of a permit or license as provided in Section 4 of this ordinance shall have the right of appeal to the Board of Trustees of the Village of Frankfort. Such appeal shall be taken by filing with the Board of Trustees, within fourteen (14) days after notice of the action complained of has been mailed to such person's last known address, a written statement setting forth fully the grounds for the appeal. The Board of Trustees shall set a time and place for a hearing on such appeal and notice of such hearing shall be given to the appellant in the same manner as provided in Section 12 of this ordinance for notice of hearing on revocation. The decision and order of the Board of Trustees on such appeal shall be final and conclusive.

SECTION 14. EXPIRATION OF LICENSE. All annual licenses issued under the provisions of this ordinance shall expire on the 31st of December in the year when issued. Other than annual licenses shall expire on the date specified in the license.

SECTION 15. PENALTY. Any person violating any of the provisions of this ordinance shall, upon conviction thereof, be punished by a fine not to exceed one hundred Dollars (\$100.00) or by imprisonment not to exceed 60 days or both such fine and imprisonment.

SECTION 16. SEVERANCE CLAUSE. The provisions of this ordinance are declared to be severable and if any section, sentence, clause, or phrase of this ordinance shall for any reason be held to be invalid or unconstitutional, such decision shall not affect the validity of the remaining sections, sentences, clauses and phrases of this ordinance but they shall remain in effect, it being the legislative intent that this ordinance shall stand notwithstanding the invalidity of any part.

SECTION 17. REPEAL OF CONFLICTING ORDINANCES. All ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

SECTION 18. EFFECTIVE DATE. This ordinance shall take effect from and after its passage and publication as provided by law.

PASSED this 17th day of October, A. D. 1960.

APPROVED this 17th day of October, A. D. 1960.

LUCKLESS BRAVES LOSE TO ROCKETS

BY AL STUART
The luckless Braves are still looking for their first conference win. Last Friday, however, wasn't the day.
Bremen scored their first touchdown before the spectators had been comfortably seated, when Phil Tunstall speared a pass thrown by Vern Sloan on the 30-yard line and scampered over the goal line. The kick for the extra point failed and Bremen led 6-0.
The stunned Rockets scored the tying T. D. when Marty Hughes passed to Denny Denhar for 25 and 30 yards, placing the pigskin on the nine. Denhar scored on an end run. The kick by Gary Heifner was good and Rich led 7-6.
Rich's second T. D. came quickly when Hughes passed to Denham for 30 yards and apass to Hoffman from the four-yard line was good, making the score 13-6.
Shortly before the end of the half Rich recovered a Bremen fumble on the 30. Hughes passed to Denham for 18 yards

and another to Howard in the end zone. Heifner's kick split the uprights and Rich led at the half 20-6.
The second half was all Rich; Mickey Brown scoring three times when Brown dove over from the three and Howard scored with a brilliant 67-yard gallop down the sidelines.
Howard tallied from the five for his third T. D. after recovery of a Bremen fumble on the 35-yard stripe and a Hughes' pass to Belnap for 30 yards.
Bremen scored their final touchdown in the waning moments when Sloan tossed to Al Lussow in the end zone from 12 yards out and Sloan connected on an end run.

Orland, Palos YMCA Offers Cage Course

The Palos-Orland YMCA is again offering any boy in the area between the ages of 9 and 12 (date for age computation is Sept. 1, 1960) and no taller than 5'6", an excellent opportunity to learn and play basketball.
The 1960-61 YMCA Biddy Basketball league will get under way Saturday, Nov. 5, at the Orland Park elementary school. The program will be under the direction of Lawrence McBurney, a senior at the YMCA's George Williams college, assisted by interested fathers as team managers and coaches.
The program will consist of 16 weeks, four weeks of practice and organization of comparable

teams and 12 weeks of league play.
With the present rental agreement a maximum of 60 boys may be enrolled (6 teams) however, should there be sufficient additional interest, it may be possible to arrange other rental facilities for more teams, it was said. Applications will be accepted until the maximum enrollment is reached or until Oct. 31 which ever comes first.
Registration forms were distributed to the local schools, however, additional forms may be picked up at the Y office in the Jewel Annex at 12332 S. Harlem or a blank will be mailed to you by calling GIBSON 8-3888.

Fairway To Show Three More Homes

Bob Shaw, one of the top flight pitchers of the Chicago White Sox is to be on hand this Sunday to greet visitors to Fairway Estates and give autographs.
Fairway Estates is a new housing development at 146th street and 94th ave., Orland Park. It may be reached by going east on 143rd st., from U.S. 45, to 94th ave., and thence south to the site.
There are five model homes open for inspection and Richard Tucker, head of the company, said they have three more homes of new design that are being sold from photographs and plans.

financing is new in the area, Tucker said.
The homes at Fairway Estates are of aluminum and brick and all have three bedrooms. Prices range from \$14,990 to \$19,990.
When the project is completed Orland Park is expected to have an additional 300 homes.

Collect For UNICEF On Halloween

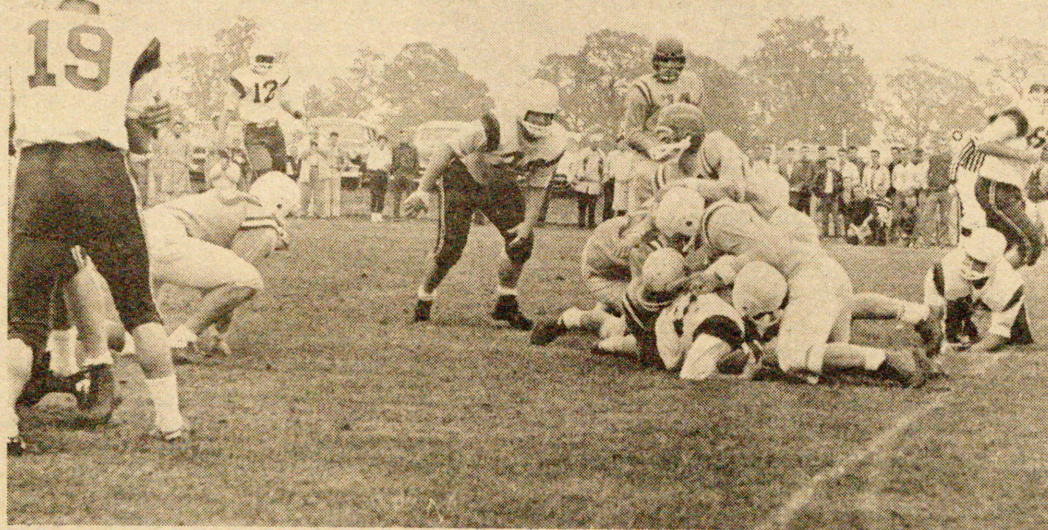

Halloween night is UNICEF night.
The Halloween pennies, nickels and dimes collected from the children and householders in the area, will be converted into life-saving shots of penicillin, protective vaccines and health giving milk thru UNICEF (United Nations Children's Fund).

Those contributing will also be assisting under-developed countries in their fight against dread diseases, such as malaria, tuberculosis, leprosy and yaws; in their efforts to replace superstition and ignorance with sound maternal and child health practices.
Based on previous years prices it costs UNICEF only three dimes to provide the DDT to protect a family against malaria for one year. It takes only one dime and a nickel to cure a child of the dreadful yaws.

BY BILL SLUIS
Both teams has a lot at stake in Saturday's afternoon gridiron contest at Lincoln Way. For the Knights it was their Homecoming game, with first place in the South west Suburban Conference hanging in the balance. For the Carl Sandburg Eagles the game was critical because another loss would probably have knocked them out of the SWS race.
So, under dingy gray skies and misty weather, the crucial battle began. Sandburg took the opening kickoff and immediately got a fine march underway. A grinding series of lays seemed destined for the end-zone, but the Lincoln-Way defense held and the Knights took over the ball eleven yards from the goal.

When a subsequent drive by the Knights failed to take shape, the Knights punted, an occurrence which dominated the first half. Each team would get the ball following a punt, go a few yards, and kick. This situation took place so often that a scoreless first half seemed inevitable.
Then, with only 31 seconds until the intermission, lightning struck. Skip Kruzich aimed a pass over to the "flat" area near the sideline, evidently expecting Dan Fenn to grab it, but Paul Busch emerged quickly onto the scene, snared the ball and jogged 39 yards to the scoring stripe. This made the score Sandburg 6, Lincoln-Way 0, and a run for the conversion by Busch made it 7-0.
During the half-time intermission, the Lincoln-Way band and choral groups put on a fine

NOT MUCH HOLE in that Sandburg line last Saturday when the Eagles invaded the lists of the Knights of Lincoln-Way. The Eagles have been tough on defense all season, according to the records and the Knights will testify nor goal.

exhibition.
In the second half Lincoln-Way fielded an inspired crew of athletes. Three times the Knights pushed their way to the area of the Eagle goal, each time with a substantial march. But only once did they score, being piled twice within the 20 yard strip.
However, Sandburg was not to be denied. On the second play after the kickoff, following an intercepted L-W pass, Bud Swayne went 42 yards into the end zone on a pass from Bill Brown.
This made it 13-0, but only increased the determination of the aroused Knights. They immediately following the kick

went 73 yards on only 15 plays for their only touchdown. Wayne Lauffer scored from four yards out on a reverse, but the conversion, a run, failed.
Almost immediately the Knights regained the ball and began moving toward the end zone. Following a punt on the 4th play run by the Eagles, the Knights got a scoring opportunity underway. Going from their own 31 to the Eagle 3 in 15 plays as the fourth quarter began, a touchdown play seemed only a matter of time. The Knights garnered a first down-and-goal at the three yard stripe, and Skip Kruzich handed the ball to Wayne Lauffer who hit the middle. But the Eagles were waiting for Wayne, and when the rain-dampened pigskin squirted from his hands the visitors fell upon it.
Only 5:32 remained in the battle, and the Eagles wasted much of this, so only 3:20 remained before the Knights regained possession of the ball. This was too short a time, and the final score was Eagles 13, Knights 6.
The Knights rolled up 288 yards by rushing to 188 for the Eagles and made 17 first downs to nine for the visitors

but Sandburg was superior in the air. The visitors completed three out of seven passes for 72 yards, one of them for a touchdown. Lincoln-Way completed but one pass in three tries for 22 yards.
The Knights play the Homewood-Flossmoor Vikings at 2:00. The Fresh-Soph game begins at noon.

LEGAL NOTICE
COOK COUNTY
PERSONAL PROPERTY
ASSESSMENT
FOR 1960...

This publication is the official notice to property owners of the 1960 personal property assessments made in the town and district indicated.

RETURNS AND ESTIMATES

THE LAW PROVIDES THAT, WHERE A PROPERTY OWNER FAILS TO RETURN A SWORN SCHEDULE LISTING HIS PROPERTY THE ASSESSOR OF COOK COUNTY MUST ESTIMATE ITS VALUE ACCORDING TO HIS BEST JUDGMENT AND INFORMATION, AND ADD THEREON A PENALTY OF 50 PER CENT. ASSESSMENTS RAISED ON ESTIMATES AND RETURNS HAVE EQUAL STANDING IN LAW.

The amounts herein listed are the assessed values of personal property as of April 1, 1960, as determined by the Assessor of Cook County.

The amount listed as the assessed value is not the tax. The tax may be determined by multiplying the assessed valuation after it has been equalized by the Department of Revenue of the State of Illinois, by the tax rate in the Town and District in which the property is assessed. The Assessor has nothing to do with the equalization of values or the establishing of tax rates.

BASIS OF COMPLAINT ON ASSESSMENTS

Where a property owner has a specific claim of over or under valuation, complaint may be filed with the Board of Appeals in the County Building immediately after this notice.

INFORMATION ON ASSESSMENTS

Each property owner who has any questions in regard to the same, should inquire at the office of the Assessor of Cook County, Room 312, County Building, information will be furnished without cost.

P. J. CULLERTON
Assessor of Cook County

PUBLIC NOTICE
Notice of Proposed Change
in Gas Schedules.
NORTHERN ILLINOIS GAS
COMPANY hereby gives notice
to the public that it has filed
with the Illinois Commerce
Commission on October 5, 1960,
a proposed change in its
schedules to rearrange charges
covering adjustment for cost
of purchased gas. In no case
will the change have any ef-
fect on the amount billed to
any customer.

Further information with re-
spect thereto may be obtained
either directly from this Com-
pany or by addressing the Sec-
retary of the Illinois Commerce
Commission at Springfield Illi-
nois.

A copy of the proposed change
in the schedule may be inspected
by any interested party at any
business office of this Company.

IN MEMORIAM
In loving memory of my husband who passed away October 16, 1954.
Wife Edna

IN MEMORIAM
BAUDRY — In loving memory of our beloved son, brother and uncle Billy, who passed away three years ago October 19th.

October is here again with all its beautiful colors of autumn, and as we look up toward the sky we find comfort in the thought that somewhere up in the heavens, God has you in his keeping, and down here, we have you in our hearts.

Someday, we know not when or where, we will meet again.

Your Loving Family

CARD OF THANKS

We, of the PTA Ways and Means committee of Taft School, would like to thank each and everyone for helping to make our Fun Night, Oct. 12th, such a success. A big thanks to the local merchants who donated door prizes.

CARD OF THANKS

I wish to extend my sincere thanks to my neighbors and friends who have remembered me with cards and helped me in any way since my accident Sept. 19. Your kindnesses will always be remembered.

This Miss Doesn't Miss A Blade

This winsome moppet finds watering the lawn or garden is fun—and as easy as A-B-C with today's scientifically developed precision sprinklers. The Green-spot waterbob dial impulse sprinkler little Jackie Teece is using here provides water coverage for areas ranging from slender wedges to circles 80 feet in diameter.

Manufactured by the Otto Bernz Co., Rochester, N.Y., the new sprinkler works on low water pressure, has a high impact base and is constructed with stainless steel springs and reversing mechanism for back-and-forth watering. The sled base with turned-up ends makes it easy to move about.

Jackie's mother bought the Greenspot sprinkler at her local hardware. It's also available at lawn and garden supply stores.
